## Principal's Desk

Dear Laguna Acoma School Community,

At the time of this writing, the Laguna Acoma High School football team is 2-0 after winning their last game on August 30. The varsity volleyball team is also undefeated and having a very successful start of the season. Our cross-country team is also experiencing much success in their activities. We have much to be thankful for. We hope that our teams will continue to play well and experience not only success, but also enjoyment and safety in their activities.

On the academic side of things, progress reports will be mailed out on Sep. 13. If you would like to talk with any of the LAHS teachers regarding how your child is doing please feel free to contact the LAHS office at 285.2669 and we will set up an appointment. We will have parent-teacher conferences scheduled for Friday, October 18.

September 19 is our Cultural Day. There will be no school for students on September 19.

In the next few weeks, many of our upper classmen will have the opportunity to take the ACT and/or the SAT test. Taking these tests are voluntary. Registration is online at the ACT/SAT websites. Waiver forms and study guides booklets are available in the Counseling Department. The ACT/SAT are curriculum-based measures of college readiness. They cover academic achievement in English, math, reading, & science. Upon completion of the these tests, scores are sent to prospective colleges as part of the application process.

I am very pleased and appreciative of the dedication and the extra service the Laguna Acoma High School staff performs on a regular basis to provide opportunities for our students.

It is our hope that by working together we will make this upcoming school year a very positive and productive learning experience for all. We encourage your involvement and participation in our school activities.

The New Mexico State Test results have been mailed home. A copy of the results will be given to the students who took the test in their English Classes.

Thank you for your continued support of Laguna Acoma Jr. / Sr. High School.

Dr. Richard Yzenbaard
